

Myanmar Shalom Travels is committed to the following action plan:

Labour conditions

- We abide by all Myanmar labour laws.

Reduce energy consumption through:

- Replacing all light bulbs with energy efficient light bulbs
- Implement a 'switch off' policy in the office for lights, air conditioning and office equipment.
- Ensure all equipment works efficiently through regular, systematic maintenance program.
- Ensure all vehicle operators are aware of energy conservation measures such as turning off engines when waiting for clients.

Reduce Water consumption

- Ensure toilet flushes are ecofriendly through dual flush or using hippos (bricks in the cystem).
- Ensure there are no leaks in the water pipes system.
- Dont keep taps running.
- Wash up using bowls.

Waste

- Reduce reliance on plastic bags in the office and business. Support locally made reusable bags.
- Provide reusable water bottles, cups and lunch containers.
- Use environmental or natural cleaning products to reduce pollution.
- Print on both sides of paper.

Community

- Support local purchasing when quality, service, availability and price allow.
- Provide donations to local community causes
- Work with social enterprises or local producers to provide giveaways for clients or local souvenirs

Suppliers

- Inform all suppliers of our commitment to Travelife sustainability management.

Destinations

- We aim to provide tourists with relevant information to encourage responsible tourism behaviour.

Accommodation

- We only use hotels that adhere by local Myanmar labour laws and do not engage in any activity that is in anyway harmful for children e.g labour or child sex tourism

GOALS

- We will reduce waste from the office by 50% over a year.
- We will reduce energy bills in the office by 10 % over a year.
- We will reduce water usage by 10 % over a year.
- We continue to donate our profit to Education and health care project in remote areas of Myanmar
